

Girls' and Boys' Health and Physical Education

Description

Year 9 Girls / Boys Health and Physical Education students will complete activities designed to enhance their physical, intellectual, social, emotional and moral well-being. Opportunities are made for students to extend their skills to help them understand themselves and others, skills they will need to develop to enable future engagement in positive relationships. Student will participate in a variety of physical activities and will attempt to extend their skill level, physical fitness and knowledge about accessing information about important health issues.
